LEADERSHIP

Delivery Velocity | Time-to-Market | Technical Design | Cross-team Execution

DOMAINS

Aviation | E-commerce | Insurance

FRONTEND & WEB

React.js | Next.js | TypeScript | JavaScript | GraphQL | AngularJS | Backbone.js | Hotwire | Stimulus | HTML5 | CSS3 | Bootstrap | Kendo UI

PLATFORM & DELIVERY

MEAN | Java | PHP | AWS | Nginx | Git | Jira

AI FOCUS

AWS Bedrock | OpenAI / LLMs | RAG | AI Agents

EDUCATION

B.E., Information Technology
Rajasthan Technical University
2010 - 2014 | 79.94%

RAVI UBANA

Sr. Engineering Manager

ENGINEERING LEADERSHIP / AI-DRIVEN DEVELOPMENT

12	3	NAVITAIRE	AI
YEARS IN TECH	INDUSTRIES	AIRLINE PLATFORMS	LLM / RAG / AGENTS

CAREER PATH 2015 - 2026

SWE 2015 → Sr SWE 2017 → ADL 2018 → DL 2019 → ATL 2021 → EL 2022 → EM 2023 → **Sr EM 2026**

PROFILE

Engineering leader with 12 years across aviation, e-commerce and insurance, focused on release velocity and shorter time-to-market. Hands-on foundation in web platforms, airline booking engines and Navitaire-based international travel, now extending into AI-driven development through learning and experimentation with AWS Bedrock, LLMs, RAG and AI agents.

EXPERIENCE

Sr. Engineering Manager
Apr 2026 - Present | People10 Technosoft, Bangalore

- Lead engineering delivery across aviation, e-commerce and insurance.
- Drive delivery planning and cross-team execution focused on faster release cycles and reduced time-to-market.

Engineering Manager
Apr 2023 - Mar 2026 | People10 Technosoft, Bangalore

- Led cross-functional delivery for airline booking-engine enhancements and airline operations, coordinating engineering execution across teams.

EARLIER ROLES | PEOPLE10 TECHNOSOFT

Apr 2022 - Apr 2023	**Engineering Lead**	Led international-travel capabilities on Navitaire.
Apr 2021 - Apr 2022	**Associate Technical Lead**	Navitaire international travel; technical design and team architecture.
Apr 2019 - Apr 2021	**Development Lead**	US airline website: React.js, GraphQL, Java, Next.js.
Apr 2018 - Apr 2019	**Associate Development Lead**	Flight-discount module: AngularJS, PHP, HTML.
Apr 2017 - Apr 2018	**Senior Software Engineer**	Airline customer-care module: AngularJS, PHP, HTML.
Apr 2015 - Apr 2017	**Software Engineer**	E-commerce, finance-data UI, CRM and airline apps: Bootstrap, AngularJS, Kendo UI, MEAN, Backbone.js.

AI ENGINEERING | LEARNING & EXPERIMENTS

Learning, experimentation and concept/POC work; no production-scale AI claimed.

Travel Itineraries	Turns traveller preferences into day-by-day itineraries and activity recommendations.
Resume Matching	LLM-assisted candidate-to-JD matching with explainable fit signals.
Smart OPD Triage	Intake and triage grouped by urgency for queue prioritisation. Decision support, not diagnosis.
